

Production Studio Services

Powerful tools for compelling stories

The massAV production studio offers a 625 square foot cyclorama stage (painted in either infinite white, or chroma key green) complete with an extensive inventory of lighting and grip support. The studio is located in Tewksbury, MA within massAV production headquarters which also houses massAV's live event and post production facilities. In addition to the rental of the studio space itself, massAV is also able to offer supplementary production services or gear at an additional rate.
